

Giclée Reproduction Prints

Our goal for printing is to provide the highest quality Giclee Prints available to our customers. To that end we print on the finest papers using High Dynamic Range pigmented inks and what sets us apart from many labs is that we print at 2880 DPI.

8 wallets | \$30

16x20 | \$75

5x7 | \$15

20x24 | \$100

4x6 | \$10

24x30 | \$130

8x10 | \$30

24x36 | \$165

11x14 | \$45

Paper Choices

Epson Exhibition Fiber Paper—F surface (glossy/lustre).
Hahnemuhle-photo rag bright white smooth (matte)

The Advantages to Giclée

Giclée prints are advantageous to artists who do not find it feasible to mass produce their work, but want to reproduce their art as needed, or on-demand. Once an image is digitally archived, additional reproductions can be made with minimal effort and reasonable cost. The prohibitive up-front cost of mass production for an edition is eliminated. Archived files will not deteriorate in quality as negatives and film inherently do. Another tremendous advantage of giclée printing is that digital images can be reproduced to almost any size and onto various media, giving the artist the ability to customize prints for a specific client.
